Dear Mr DUKE,

As an answer to your letter :

1. We confirm I have no record of having been notified by the DEA of such a loading
2. We are not permitting such a transportation on our lines,
3. Should we learn that a quantity of drug, heroin or other, large or small, is loaded on board one of our aircrafts, we would immediately report to the local police as well as our national authorities.

Sincerely,

Michel G. Folliot
